Leeds LMC Ltd Company No. 7287736

Leeds Local Medical Committee Ltd is the professional body which represents and supports ***all*** general practitioners in this area. The LMC is the only representative organisation mandated to represent and negotiate for GPs at a local level.

We are directly funded by GP practices and are therefore politically independent. The committee comprises of elected GPs, GP trainees, a Practice Manager and a representative of other healthcare professionals who meet together to discuss current issues in general practice and feed back to their constituency.

The increasing rate of change within the NHS has brought with it new challenges and responsibilities. Over the last few years, the work of the committee has grown in line with these changes and officers, members and employees have been working harder than ever on your behalf.

WHAT WE DO

Leeds Local Medical Committee Ltd actively promotes the interests of GPs and practices in all appropriate fora within the area. Below is a far-from-exhaustive summary of our activity on behalf of you our constituents: -
